DESTINATION ENHANCEMENTS

PROJECT OVERVIEW

Plato's Lounge expands beyond its existing café footprint into the main lobby, introducing a significantly larger lounge experience with additional indoor and outdoor seating. The extension activates the lobby and fountain frontage, creating a dedicated space where guests can relax, dine, or enjoy coffee and afternoon tea overlooking the water features.

KEY HIGHLIGHTS

- Increased indoor and outdoor seating capacity
- Replacement of stairs with an accessible ramped pathway
- Reconfigured guest circulation
- New cascading water feature
- Enhanced connection between lobby and outdoor terrace
Additional social and lounge spaces

STATUS

Phase:	Under Renovation
Expected Completion:	October 2026
Investment Type:	Experience Enhancement

LOCATED AT ATLANTIS, THE PALM

ossiano

PROJECT OVERVIEW

The Ossiano renovation will deliver a comprehensive refurbishment of the restaurant, refreshing the interior and reconfiguring the space to further enhance the overall dining environment while maintaining its distinctive underwater experience.

KEY HIGHLIGHTS

- ▶ New private dining room
- ▶ Reconfigured seating layout
- ▶ New wine cellar
- ▶ Dedicated fish ageing display
- ▶ Refreshed interior finishes

STATUS

Phase:	Under Renovation
Expected Completion:	October 2026
Investment Type:	Experience Enhancement

LOCATED AT ATLANTIS, THE PALM

PALM POOL

PROJECT OVERVIEW

The Palm Pool refurbishment involves a series of maintenance works to restore the existing pool's condition, functionality and long term performance

KEY HIGHLIGHTS

- Regrouting of the entire pool flooring
- Upgraded pool and feature lighting
- Refurbishment of underwater lighting
- New rainwater drainage system around the pool surrounds

STATUS

Phase:	Under Renovation
Expected Completion:	October 2026
Investment Type:	Infrastructure Maintenance

THE GARDEN BAR

PROJECT OVERVIEW

The Garden Bar introduces a new outdoor lounge, expanding the resort's food and beverage offering with a dedicated space for guests to enjoy drinks and relax in a landscaped setting.

KEY HIGHLIGHTS

- New open-air lounge and social space
- Additional food and beverage venue
- Increased outdoor seating capacity
- Panoramic views overlooking the resort
- Dedicated space for daytime and evening use

STATUS

Phase:	Under Renovation
Expected Completion:	October 2026
Investment Type:	New Guest Experience

LOCATED AT ATLANTIS THE ROYAL

ROYAL POOL

PROJECT OVERVIEW

The Royal Pool enhancement transforms the existing water feature in the pool area into another family pool, increasing capacity and introducing additional leisure facilities for families.

KEY HIGHLIGHTS

- Conversion of the former water feature into a new family pool
- Increased pool and sunbathing capacity
- Approximately 60 additional sunbeds
- Three in-pool loungers and three air-conditioned cabanas
- Expanded family leisure facilities

STATUS

Phase:	Under Renovation
Expected Completion:	October 2026
Investment Type:	Experience Enhancement

LOCATED AT ATLANTIS THE ROYAL

PROJECT OVERVIEW

The Cloud 22 Pool enhancement reconfigures the existing pool area by removing the Lotus Bar and replacing it with an expanded sunbed deck. The new layout opens up unobstructed views of Palm Island while increasing poolside lounging capacity.

KEY HIGHLIGHTS

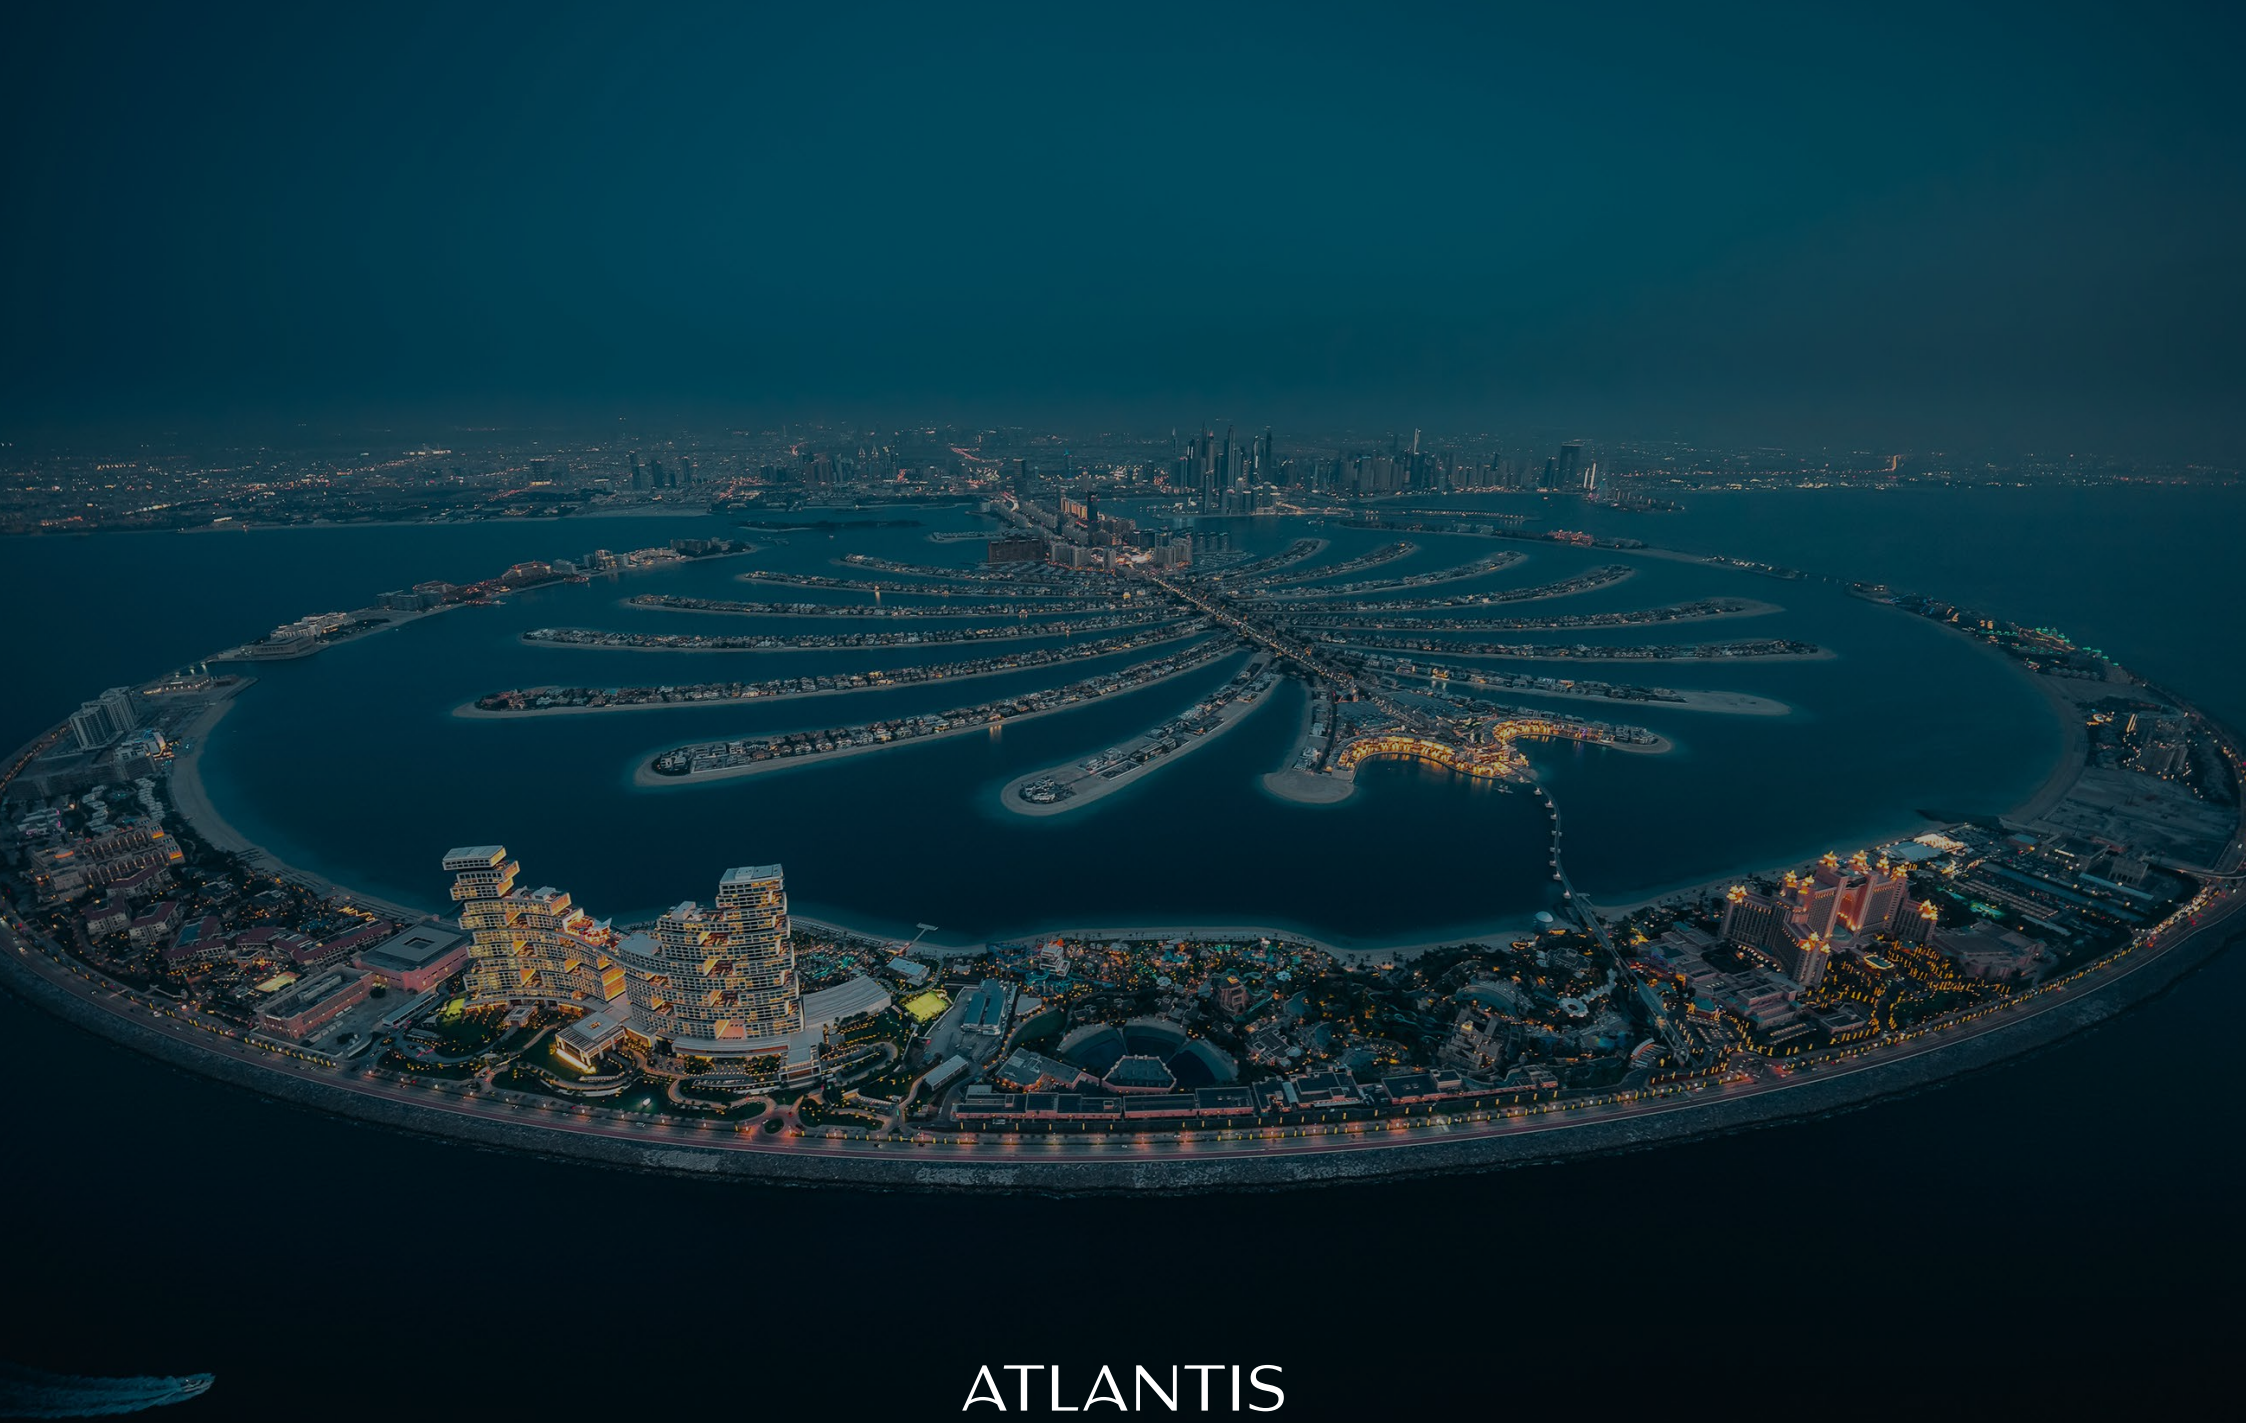

- Expanded poolside sunbed area
- Increased lounging capacity (Approximately 40 extra sunbeds)
- Reconfigured pool deck layout
- Uninterrupted views of Palm Island
- Optimised use of poolside space

STATUS

Phase:	Under Renovation
Expected Completion:	October 2026
Investment Type:	Experience Enhancement
