

Dear Partner

Greetings from the Port Of All, W Dubai - Mina Seyahi.

We are looking forward to welcoming your guests to our adults-only Escape and to creating memorable moments with them during their stay.

Dubai is an ever-growing city and construction around the town is inevitable. With that being said, a new structure is being built on a plot of land to the left of our hotel building. While this is an independent project, guests will experience intermittent auditory disturbance during their stay with us.

We are doing everything in our power to minimize the disturbance and ensure that your guests' experience with us is uninterrupted and their experience will be a positive one.

We will do our best to ensure that your guests are placed in rooms that are not directly affected by the construction noise or view.

If you need any more information on this, please don't hesitate to reach out.

Many thanks in advance.

Stay connected,  
W Dubai – Mina Seyahi
