DIVINE NINE

As Fushifaru Maldives celebrates its 9th Anniversary "**Divine Nine**" - we honour nine meaningful years of connections and harmony - with the environment, our guests, our community, and each other. Inspired by Kindness to the Environment , a core pillar of the BEKIND philosophy, this celebration reflects our ongoing commitment to preserving the natural beauty and balance that unite us.

Through moments of connection from coral planting and guided snorkelling to embracing Maldivian culture, wellness, and shared experiences — Divine Nine celebrates the bond between people and the island we call home. Together, we celebrate nine remarkable years of heartfelt hospitality, sustainability, and the belief that every act of kindness inspires harmony, strengthens connections, and creates a
lasting impact .
